The Bay City Tribune says: The

democratic congressmen give very poor reasons for their opposition to the Nicaraguan and other treaties negotiated by President Arthur, namely, that their ratification might embarras the new administration. Congress, not the administration, makes the law and determines the commercial

The Bay City Tribune says: The

high license law of Illinois has re-

duced the number of saloons in Chicago

within six months from 3,800 to 2,200,

and has added \$7,500,000 to the reve-

nue of the city. Under the new law

\$500 is the minimum tax, and any

community can make it as high as

they please. The law has worked so

well in Illinois that the Chicago Tri-

bune says "no attempt to repeat it

would be laughed out of the legisla-

ture." In some of the Illinois towns

where the tax is \$1,000 the num-

ber of saloons have been cut

down one-half, and the time devoted

to the police courts to cases of drunk-

ness and disorderly conduct is very

greatly abridged.

The Art Amateur

For February contains the usual

profusion of designs for art work, in-

cluding decorations for a dessert-plate

(asters), a double tile (wisteria), panels

in carved walnut and, repousse brass,

and embroidery designs for a blotter,

a picture mount and six doilies (signs

of the zodiac humorously treated).

The notable feature of the number is

a striking double-page drawing by Geo. Wharton Edwards, representing

two boatmen "putting off" in a stormy

sea. Six clever sketches by this rising

young artist, and three by Jan Chel-

mekin, a Polish landscape painter of

note, are also given. There are arti-

cles of special interest on the light-

ing and decoration of picture galleries,

on modelling in clay and wax, on re-

cent Doubtless, "and on Bustle E-

poque, the famous French painter re-

cently deceased. The supply of hints

and directions for art-workers is gen-

erally up-to-date, and "My Note

book" and the dramatic feuilleton are

especially entertaining. Price, 35 cents.

EASTERN.

A box containing a jumping-jack was the other day sent to O'Donovan Ross, who caused it to be carefully opened as it contained an funeral memento. Mrs. Dudley received a postal card filed with curses and a letter in red ink threatening her life. Ross had for some time before his late adventure with Mrs. Dudley been in receipt of many threatening letters. He attacked but little importance to them, however. The evening preceding his attempted assassination Ross made a very forcible speech in New York. An extract reads as follows:

"I believe not an Irish heart exists in America, or the whole world, but wept for joy at the news of the explosion last week. I would speak one thousand and take them to England. I know 300,000 men and go to London with me and go into 300 houses and tell them that I have 300,000 men. I hundred thousand men to tell them of night will strike fear into England. Be pest the dogs until Ireland is free. England complains because we use a little dynamite. I tell you before long she will get more of it. And this country is passing have against dynamite manufacturer. Bob Arthur's being made a fool of. What right has he to ask Congress in his message to annex us? It's English gold and English detectives are making a fool of him."

The proprietors of the Hotel Brunswick, at New York, made an arrangement giving preferences for \$50,000.

United States Treasury officials say that the \$50,000,000 in gold reserved by Secretary Sherman for the redemption of legal tender has been diverted from its proper use by the Government's financial policy.

The unlicensed association of barb-wire manufacturers met last week at St. Louis, and agreed to advance prices 1 cent per pound. Fifty delegates of the equitable, or unlicensed association, were present. President J. W. Gates, of the former society, believes that a syndicate will be perfected which will reduce to the market of all the manufacturers.

Gibson joked and laughed about the rope and some persons up the trees who were looking on.

SUPPLEMENT TO THE

Crawford Avalanche.

STATE OF MICHIGAN.

To the Circuit Court for the County of Crawford, in Chancery:

The petition of William C. Stevens, Auditor General, State of Michigan, respectfully shows that the list of lands, prorated and merged "Schedule A," contains a description of all lands in said county of Crawford, upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid together with the total amount of such taxes, with interest computed thereon to the time of suit, as provided by law, and the amount of such delinquent taxes and interest of each of said parcels of land.

Your petitioner further shows that the said taxes were merged with lands in the same county for more than one year from the first day of July, after their return to the Auditor General, and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, and charges, and expenses, and expenses of suit, as contained and detailed in the schedules, against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended herein, and finally, that each of said parcels of land may be sold for the amounts due thereon as provided by law.

And your petitioner will ever pray, etc.

W.M.C. STEVENS,
Auditor General.
